

GOT BOTTLES OR CANS?

Willow's Wings is a 501(c)(3) nonprofit Animal Sanctuary and Rescue, devoted to caring for all animals large and small, many of which have been left abandoned neglected and abused. Although we are a non-profit, we receive ZERO grants or government funding.

We run on donations from people like you

Willow's Wings farm is located in upstate New York atop 17 green acres. This sanctuary is not a facility or a large organization, it is solely looked after by Willow Sullivan and her devoted volunteers. This is a home, first and foremost, to all the animals here. We work hard to make this place as close to a home-like environment, where animals feel safe and comfortable. Their well-being is our first priority.
